

Electronic Mail Form

In October and November the Community Web Site Committee gathered data from the community to determine the acceptance level of using electronic mail (e-mail) versus first class mail. Twenty five percent of the community voluntarily took part in the survey. Of those, ninety-three percent supported the idea. Viewing this as being a potential cost saver, the board has authorized a pilot program. Please complete the form below and submit it to the management office. You will be notified by E-mail when the pilot begins. **(Please complete even if you have responded to the original survey on the website)**
